NEW YORK POST

WORD PLAY

It's all funny business for stand-up comedian-turned-author Bill Santiago, whose new book "Pardon My Spanglish," teaches you a new language while making you laugh. He humorously combines Spanish catch-phrases with common English to form the American hybrid language spoken by many Latinos.

"As a comedian, it makes for great material," he says. "And it's not just Spanglish. Using Latin culture as a source of jokes is a great method. because it's authentic and yet easy to relate to."

- Marina Vataj

"Pardon my Spanglish" (Quick Books) hits stores Sept. 15. \$15
