Hello my name is Michael Donnelly with Missouri State University. I just wanted to drop you a line and tell you how the Bill Santiago performance.

Bill's performance was incredible. He really worked his magic with the audience. His act was funny to begin with, but he made it even better, displaying his comedic versatility with certain "shoeless" members of our audience. It was a riot, in my humble opinion. Overall, I think the event was a smashing success and we would love to have Mr. Santiago back in the future.

On a side note, Bill was a very gracious and considerate guest, and it was incredibly easy to work with him. Very professional as well. You have definitely got a world-class performer on your you hands with Bill Santiago. We would recommend him to other colleges and universities in a heartbeat, no doubt.

If you have any questions, please let me know.

Best,

Michael Donnelly
